Pet Lovers Foundation spreads love and joy through its year-end Dry Food Donation Drive

14 December 2012 - In the midst of the frantic energy of Christmas festivities, Pet Lovers Foundation is choosing to joyfully celebrate through its fifth Dry Food Donation Drive on 14 December to 30 December 2012. Animal welfare organisations Animal Lovers League (ALL), Action for Singapore Dogs (ASD) and Cat Welfare Society (CWS) will benefit from all the food collected.

Pet Lovers Foundation started carrying out these generous food donation drives in 2008 to help stray and abandoned dogs. Since then, Pet Lovers Foundation has chosen to commemorate the year-end festivities with this meaningful event to bring love, compassion and care to its animal friends. This is the second year that the drive will be extended to include cats as well.

Last year's drive was a huge success. An impressive number of donors brought love, compassion and care bringing the total collection numbers to 6,664.50 kg (2,784 bags and retail worth \$112,629.75). Like last year, ALL, ASD and CWS will join the effort to spread the love as it is our goal to exceed last year's collection. We are hoping to raise 8000 kg of dry food and we would like to invite you to be a part of this milestone in creating pet history.

Rather than spend your money to buy expensive material gifts which are not practical, why not make a meaningful purchase of dry food at highly subsidised prices which will then be donated to the stray and abandoned animals instead? You can lend a hand to these animal friends by walking into any Pet Lovers Centre stores and buying the sponsored Fish4Dogs, 1st Choice or Pronature dry food, or by simply calling 1800-PETFOOD (1800-7383663). The two-week long event will surely make our furry friends feel the love and joy of the coming holiday!
