

“ Braving Antarctica “ is not only about helping kids from dysfunctional families, it’s also about showing them what amazing things they can do with their lives.

Last year in November 2011, life coach and personal development trainer Thaddeus Lawrence has took park in a race in Antarctica to do just that. And Pet Lovers Foundation was helping to make this happen, as main sponsor of this event.

We are pleased to announce that with your generous contributions, we have raised a total of **\$110,245.04!** Surpassing our target of \$100,000.00 for our inaugural fund-raising event for Gracehaven – Braving Antarctica!
