

On 1 February 2013, with the Chinese New Year just around the corner, Pet Lovers Foundation has once again, cheered the elderly with their presence by visiting one their beneficiaries, Kreta Ayer Senior Activity Centre (KASAC). During the visit, food and basic daily essentials were given out. PLF also invited Therapy Dogs Singapore (TDS) to join in the festivities. TDS had brought some dogs along, and speaking in Cantonese and Mandarin to these elderly folks, shared some tips on pet-assisted therapy.

It has been a meaningful day at KASAC for the management and staff, especially upon seeing the sparkles in their eyes at the sight of our furry friends!
