

## Cat Welfare Society

Cat Welfare Society and Pet Lovers Foundation Jointly Run Three-Month Cat Adoption Drive and Responsible Cat Ownership Campaign in Pet Safari Stores. **Rescued Cats from Tanjong Pagar Railway Station Up for Adoption.**

A Responsible Cat Ownership education campaign will be run at the same time. As part of the good practice of ensuring adopters are ready to take a cat into their home, potential adopters will be screened for their commitment to care for their pet for life and to cat-proof their home to ensure its safety. An adoption fee of \$40 applies as a means of ensuring that adopters are genuine. The cats will be delivered to successful adopters at a subsequent home visit.

CWS will be distributing copies of education booklets as well as educating potential adopters to promote better understanding and awareness of a cat owner's responsibilities.

During the Adoption Drive, successful adopters will each receive a Pet Lovers Centre "Adopter's Starter Kit" goodie bag worth \$30 each, including discounts and/or vouchers for recommended cat care products. Quizzes and games will also be held, where contestants get to win \$100 Tiger Airways vouchers and other prizes from Pet Lovers Foundation.
