

*Your Loose Change can
change their lives!
Thank you!*

Irresponsible pet ownership is still an issue here. Pet abuse and abandonment are still rampant. The number of pets being abandoned in animal shelters hasn't abated. In fact, it has been rising. And animal shelters in Singapore are bursting at their seams. They truly need all the help they can get.

The Loose Change Box is one such way Pet Lovers Foundation is helping. Each time you make a cash purchase at Pet Lovers Centre and end up with loose change, the Loose Change Box relieves you of the burden of carrying the loose change around, all in the name of a good cause. It may be loose change to you, but it will go a long way in helping the plight of these suffering animals.

Everything in the Loose Change Boxes go directly to Pet Lovers Foundation to aid its beneficiaries. The total amount is reflected 24/7 and updated on the website of Pet Lovers Foundation.

So the next time you end up with loose change at a Pet Lovers Centre outlet, spare a thought for those poor animals without owners, and drop your loose change at the Loose Change Box.

Total Amount of money raised = \$37,595.00
